

EZ Pay Dental Information and Consent

The dentists and staff of the Atlanta Dental Group PC do not work for EZ Pay Dental and can not guarantee that any patient will be approved for financing. EZ Pay Dental charges the Atlanta Dental Group PC an application fee regardless of whether a patient is approved or not. You must pay this non-refundable application fee to apply regardless of whether you are approved or not. If you are not approved, the application fee is not refundable. Fortunately, most patients are accepted even with previous bad credit.

The dentists and staff at the Atlanta Dental Group PC wish that every one of their patients could enjoy wonderful dental health and that their patients could all keep their teeth a life time. Because we care, we have allowed our patients to use EZ Pay Dental. However, EZ Pay Dental does NOT pay for patient expenses as a patient receives dental care. Unfortunately, treating EZ Pay Dental patients often causes our dental practice to temporarily lose money by having to pay for treatment expenses and then having to wait long periods of time to receive payment. We do this to assist our patients in receiving their needed and desired dental care.

The EZ Pay Dental application review usually takes about thirty minutes but could last up to twenty four (24) hours. The staff at the Atlanta Dental Group PC can not guarantee immediate approval. It may be necessary to delay your needed dental care for EZ Pay to complete its review. The review is done by EZ Pay Dental, not the Atlanta Dental Group PC staff.

Patients who use EZ Pay Dental for dental care costs must agree to be **“on call patients”**. All of your dental appointments at the Atlanta Dental Group PC must be scheduled the same day of the appointment or scheduled the day before the actual appointment. Our dental practice uses EZ Pay Dental patients to fill openings that otherwise would be lost. Even though we are not getting paid at the time of your dental visit, we know that your future payments will help cover our expenses in the future. You win because you get needed dental care that you may not have received. The Atlanta Dental Group PC wins because it would have been stuck with hourly expenses without a patient’s help to cover these costs.

Unfortunately, EZ Pay Dental patients may not use EZ Pay Dental loans for major dental work that requires our dental practice to pay up front laboratory costs or material costs. This means that not all of the dental care shown in your personal treatment plan can be paid for by using EZ Pay Dental. EZ Pay Dental delays our payments over many months or several years so we can not pay for up front expenses. Some procedures that may not be used with EZ Pay Dental are:

Crowns	Bridges	Veneers	Dentures	Partials
Implants	Invisalign	Orthoclear	Cast Posts	TMJ Appliances
Zoom 2				

Please check with the financial staff for the specifics of what procedures in your treatment that are allowed . You will have to personally pay for these costs when necessary.

If you are approved for an EZ Pay Dental loan, the specific dollar amount of your loan is credited to your Atlanta Dental Group PC account. This money is available only for your dental care at the Atlanta Dental Group PC. The Atlanta Dental Group PC will not pay the costs of dental care at any other dental practice and the Atlanta Dental Group PC will not issue refunds to EZ Pay Dental patients. All EZ Pay Dental funds must remain on account at the Atlanta Dental Group PC and are not refundable.

You must make all EZ Pay Dental loan payments directly to EZ Pay Dental. Any payments made to the Atlanta Dental Group PC will be credited to your account with the Atlanta Dental Group PC. No payment made to the Atlanta Dental Group PC will be credited to your EZ Pay Dental account.

EZ Pay Dental patients are limited to the amount of the loan guaranteed by EZ Pay Dental. Once you have used these funds, you may not receive any additional dental care without prepayment at the time you schedule your appointments.

Your EZ Pay Dental loan was based on the original treatment plan designed for you at the Atlanta Dental Group PC. The order of dental treatment and the types of treatment planned often change as a patient actually receives dental care. The Atlanta Dental Group PC does not agree to provide additional treatment for free. You are limited to the treatment available for the amount of unused funds that you have available.

I understand and agree that by using EZ Pay Dental that I am an **“on call patient”** and that **not all of my dental treatment can be paid for using EZ Pay Dental**. I understand that most of my future appointments must be scheduled within a day of the actual appointment times because of my on call status. I further understand that for every hour of appointment time I reserve, the Atlanta Dental Group PC must pay its overhead costs. I realize that by not showing up for any of my appointments, I am forcing the Atlanta Dental Group PC to pay its costs twice without receiving payment twice or without receiving payment at the time of service. I agree to allow the Atlanta Dental Group PC to remove \$ 125.00 from my account when I fail to show up for any appointment for any reason. I also understand that I will be charged a new \$ 59.00 application fee to make any future agreed upon changes to my EZ Pay Dental account.
